

Remember To Brush

Also called **carombola**, star fruit is grown in warm climates and is known for its unique shape. Predictably, when you cut the fruit crosswise, the slices are shaped like stars. As with all produce, be sure to wash carombola thoroughly with this ergonomically-designed, soft-bristled cleaning brush. Think grocers and orchards. Slip It On

Renowned for its beautiful castles, strong whisky and lake monsters, Scotland is a country steeped in tradition. For example, Scots who live in Glasgow often gift each other with slippers, known locally as baffies. Of course, you don't have to go to Scotland to get comfortable. These fleece slippers can be decorated with embroidery or a heat-transfer imprint and are available in eight colors. Perfect for spas. Available from Gayla Canada (**asi/56031**); (800) 262-2327; customerservice@gayla.biz

Dog Delicacy

Dogs are known to enjoy catching Frisbees, going for walks and chowing down on treats. These gourmet dog biscuits can be made with imprinted images and are available in two sizes. Several packaging options are also offered. Pitch to pet stores and veterinarians.
