

Presenting the 2007

# Multimillion-Dollar Distributor Roundtable

The Multimillion-Dollar Roundtable is a designation presented to distributors reporting a sales volume of \$2 million and over. Comprised of 1,314 distributors (more than in 2006), the 2007 Roundtable consists of three levels of achievement. The Gold designation lauds distributors with sales volumes of \$10 million or more; Silver honors distributors with sales volumes of \$5 million to just under \$10

million; and Distinguished designation recognizes distributors with sales volumes of \$2 million to just under \$5 million. Listed among the Gold Roundtable honorees are the *Top 40* distributors (shown in bold here), profiled on pages 105 thru 132 of this edition. ASI and *Counselor* congratulate these distributors on their accomplishments and welcome them to the 2007 Multimillion-Dollar Distributor Roundtable.
